

## 2017 MISSION - EVALUATION FORM

PLEASE DONATE 10 more MINUTES of your time to MISSION

As many of you heard, via various rumors, there will be changes to how Mission is run for 2018. The leadership teams will be reviewing past successes, and past struggles to formulate a new plan for future success on Mission. Hopefully working out some of the bugs that we experienced along the way.

Each participant can help us with that effort by providing feedback about their experience and their perception of priorities. Go with the strength of your own convictions. One-word answers are acceptable, completing only portions of the survey is acceptable, or entire paragraphs are acceptable. Give us what you feel is needed. Skip what you feel is not needed. We would like name & parish to avoid duplication and to allow for follow up questions if anything is unclear, but anonymous submissions will be accepted.

Please complete the evaluation form and return it, preferably - by the end of this week, but definitely - by next Wednesday, August 2, 2017.

Julie Ellis will compile the results to share with the leadership of each parish.
